EXTENSIVELY REFITTED IN 2021, NERO IS A SPECTACULAR SAILING YACHT TO CHARTER WITH ON BOARD MASSEUSE, BEAUTICIAN AND FITNESS INSTRUCTOR. IN ADDITION TO HER 5.7M RESISTANCE POOL ON THE FOREDECK AND LARGE JACUZZI ON THE SUN DECK, THESE ARE ONLY THE FEW FEATURES THAT MAKE THIS CHARTER SAILING YACHT TRULY UNIQUE.

**D**esigned and built to exacting standards and complete with the state-of-the-art technology of a modern world class superyacht, the breathtaking *Nero* epitomises all the authentic charm, elegance and opulence of the glamorous 1920's era, bearing a striking resemblance to the J.P. Morgan's legendary Corsair IV yacht, which set sail as a luxury vessel after serving in World War II.

Completed in 2008 by Corsair Yachts' at the Chinese shipyard, Yantai Raffles, *Nero's* style is the combination of two eras of yachting, which perfectly results in an all-steel, full-displacement black-hulled beauty with a sweeping sheer, pleasantly proportioned cream-coloured superstructure and a bright yellow smokestack.

Defined by her charter and brokerage agency **Burgess** as the most head-turning yacht on the planet, *Nero* is really something special with all of her crowd-pleasing new features, delivering a refined traveling experience with the classic, lavish aesthetic of 1920s yachting.

Impeccable style is the key-word on board this 90-metre yacht of rare beauty. After an extensive refit in 2021, including full repaint and deck refresh, *Nero* is available for charter once again for the most discerning clients. The refit works involved not only *Nero* but also her distinctive 9.5m Corsair custom-built tender.

Crafted by renowned Italian designer, **Laura Pomponi**, the bright, light-filled interior combines contemporary and classic style. Her vision to capture the peak of both extravagance and relaxation is manifested through a neutral color palette, accented by subtle hues of blue, limed oak and sleek marble. Inside the Italian designer has introduced new handmade carpets throughout and a new hardwood floor in the sky lounge, new soft furnishings and fabrics, new sofas in the main guest areas and a scattering of new artworks.

But style isn't everything aboard *Nero*. Spanning over 90m in length, *Nero* boasts a diverse suite of amenities that provide guests with unforgettable travels. If your vacation also includes working on your fitness and pampering yourself, as well as relaxation and pampering, you'll be able to find different solutions for your days at sea.

Swimming in the pool, practicing your golf swing and training in a state-of-the-art gym with a qualified physical trainer, also available for yoga and pilates, is just the beginning of a series of activities possible on board *Nero*. The all-new gym on the sun deck is equipped with top-of-the-range Technogym kit including a Kinesis, treadmill, cross trainer and a cardio bike. But the fun continues with the new inflatable waterslide and five box-fresh SeaBobs that complete the already packed toy garage, which makes *Nero* a boat with absolutely optimal charter conditions.

Another new feature is the beauty salon on the upper deck, complete with a professional Nilo chair, which not only enables manicures, pedicures and hair treatments, but also converts into a massage table. After treatments by the crew's very own beautician and masseuse, guests can freshen up in the en suite bathroom and shower and emerge energised and ready to take on the world. She

also has a second massage room available for all those who need a change of scene.

Younger guests will also be delighted to know about the upgraded Icon AV/IT system, which enables streaming for all devices and a genuinely theatrical experience in the observation lounge cinema.

"WE JUST LEFT *NERO* AND WE ARE SO HAPPY WITH OUR ENTIRE TRIP. THE VESSEL IS A WORK OF ART IN ITSELF. THE CREW WAS WONDERFUL, WARM, ALWAYS SMILING AND UP TO SPEED ON SERVICE 24/7. WE REALLY ENJOYED ALL OUR INTERACTIONS. WE WOULD LOVE TO CHARTER AGAIN AND GIVE OUR RECOMMENDATION".
